Bali Buffet
A feed for a need.

11th Dec:

The 3/4 unit are doing some charity work and it would be excellent for the whole school to participate in this.

What our group is doing is making a mini buffet to help the orphanage in Bali, but we’re going to need your help.
Marvin Jain is an experienced behavioral optometrist. He invites you to contact him for any inquiries or advice.

Signs to watch for:
- The board or book looks blurry.
- Headaches or sore eyes.
- Poor concentration, frustration with schoolwork.
- Problems with reading, writing or maths.

Problem missed:
Was his eye care:

Services provided:
- Children's eye care.
- Training and expertise in an optometric with special needs.
- Optometrist. That means he is an optometrist with special needs.

Children's eye examinations - deeds for hidden vision problems that are missed by other eye tests.

Children are complex. In fact, 1 in 4 children's eyes are complex. In fact, 1 in 4
